

13. WHAT WE LEARN FROM ANTS

1.

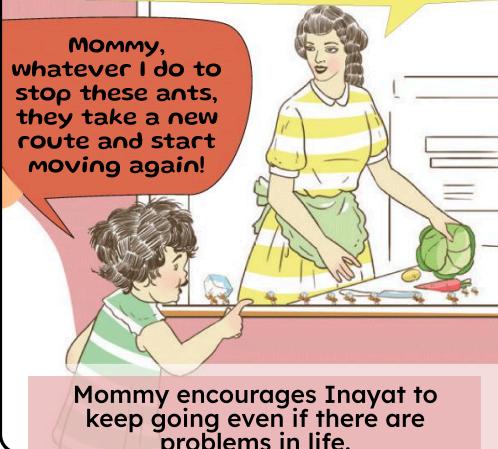

My dear, ants are known for their strength. They can carry as heavy as 20 times their own weight! They teach us to be strong.

Mommy encourages Inayat to be strong and face every challenge.

2.

Dear, ants find a new way tp move ahead if there are any obstacles in their path. They inspire us to keep moving and no quit, come what may.

Mommy encourages Inayat to keep going even if there are problems in life.

3.

Mommy, there! Those two ants are holding that big sugar crystal together and walking. Isn't it amazing?

Inayat, this is how the ants work. They work as a team and support each other. They make as a team and support each other. They make sure their group is together. That reflects team spirit and unity.

Mommy explains to Inayat about unity and team work to succeed in a work.

4.

My dear, ants are very intelligent creatures. Can you tell me what did you learn from them today?

Mommy, these ants have taught me to be united and work as a team. Now I also need to be strong and find new ways to solve problems, if any.

Inayat understands the lesson we get from an ant.
